OGDEN AGAIN TAKES MEDALS

Browning Trophies Have Now
Been Won Twice by Both
Cities.

The Browning team trophy medals are again in the hands of an Ogden team as the result of the outcome of the shoot at the local traps yesterday afternoon. Four teams competed and team No. 1 of Ogden won by a good safe margin over the other teams. The weather conditions were favorable at the start of the shoot, but later a heavy wind and rain made shooting a rather difficult feat and for this reason scores were not as large as they would have been.

The Browning medals, which were offered some time ago to any team consisting of three men winning three times have now been won twice by the Ogden team No. 1 and twice by the Salt Lake team No. 1.

The result of yesterday's shoot, each contestant shooting at fifty blue rocks, was as follows:

Ogden team No. 1—Bislow, 4; Skeen, 4; Anderson, 4; total, 12.
Salt Lake team No. 1—Cowan, 4; Vincent, 4; total, 8.
Ogden team No. 2—Browning, 4; John Browning, 4; George Browning, 4; total, 12.

Salt Lake team No. 2—Cowan, 4; Vincent, 4; total, 8.

BRATZ LOSES BROTHER

Well Known Sporting Writer
Receives Word of Death as Result
of Football Injury.

Walter D. Bratz, the well known sporting editor of the Telegram, received a wire from his father last night notifying him of the death of a younger brother, Arthur. Bratz is the result of injuries received in a football game at Milwaukee last Saturday, in which Arthur was knocked unconscious and from which he did not recover up until the end. Arthur was a husky youngster, a perfect specimen of manhood, over six feet tall and about 200 pounds in weight. He was 21 years of age. The game was a practice one against the Marquette college, and according to reports Young Bratz was the star of the game up until the time he was knocked unconscious. The funeral was held at 2 o'clock and it will therefore be impossible for the Salt Lake brother to get home in time.

HERALD'S FORM CHART

A muddy track and slow, drizzling rain did not in any way affect the ponies at the Fair grounds yesterday, but it kept the crowd. The local horse race patrons have not yet got on to the fact that mud and rain are to the liking of many horses, and that no matter how it pours the racing goes on just the same. Some of the horses like the going better over a muddy track than on a dry one, and yesterday was certainly to their liking.

While the crowd was not up to the first day's attendance by several hundred, yet it patronized the mutuals well. The single harness race of the day, the special race, was declared off on account of the muddy track.

The races will be continued today, starting at 2 p. m., rain or shine.

WIND WAGON IS LATEST

Free-for-all Sailing Through Aerial
Ocean Held on Election
Day.

New York, Oct. 15.—The first free-for-all five-mile sailing race through the "aerial ocean" by dirigible balloons and flights by all kinds of aircraft, regardless of the scientific names by which they may be known, will be held on the grounds of the Aero-nautic society at Morris park, Professor W. H. Pickering of Harvard university has presented a wind wagon—a form of conveyance almost unknown here, but which has been used abroad with considerable success to the society. A wind wagon is a frame on wheels with the motor geared to one or more air propellers instead of to the wheels. These propellers, turning rapidly in the air, supply the driving power. There will be a race by wind wagons, the first ever held.

Captain Thomas S. Baldwin, Roy Knabenshue, Captain Bombaugh, Earl F. Myers, Charles Hamilton, Charles J. Stroh and Colonel Gribble have been invited to compete with their dirigible balloons.

CACHE DEMOCRATS.

(Special to The Herald.)
Logan, Oct. 15.—The Democrats of this county held one of the biggest and most enthusiastic conventions in the history of the party here today, and nominated a ticket that is conceded on all hands to be the strongest ever put up in Cache. The gathering was harmonious throughout and wildly enthusiastic at times. The names of Bryan and Knight invoked tones of applause, and Miss Tenie Telford, candidate for recorder, was given an ovation. The weather was agreeable, but notwithstanding this, every precinct was represented and 175 of the voters called for a caucus in nominating the ticket. The platform favors local option and condemns the Republican county commissioners for their action in consolidating the district schools of this county against the expressed wish of the people. M. A. Ballard presided over the convention and S. W. Hendricks was secretary.

The ticket named is as follows: For the legislature—John E. Griffin, Jr., of Newton, Lewis S. Cardon of Logan, Samuel W. Hendricks of Richmond. Commissioner (four-year term)—Olof Cronquist of Greenville.

Treasurer—Sylvester Lowe of Smithville. Clerk—Hopkin B. Campbell of Providence.

Recorder—Miss Linnie Telford of Richmond.

Assessor—James J. G. Facer of Hyrum.

Surveyor—Edward Hanson of Logan.

County superintendent of schools—G. N. Curtis of Newton.

Justice for Logan precinct—F. A. Mitchell.

Constable—Fred G. Smith.

PAYSON MAN ARRESTED.

Upon complaint of Joe Nielson, proprietor of the Utah saloon, 104 West First South street, William Potter was arrested last night by Detectives Burt and Chase on charge of passing a worthless check. The check was for the amount of \$15 and was made out in favor of Potter Bros. It is a prominent shop firm of Payson, Utah, and "Bully" Potter, as he is known here, is a brother of the principals of the firm.

It is said that the man now under arrest is of a somewhat weak moral fiber and that his brothers have had to come to his rescue several times in the past. He is a well known habitue of several resorts in this city, and is known in the Utah bar. However, after the check had been tendered and cashed, the proprietor of the saloon considered it worthless and asked for the arrest of Potter.

BOOKMAKING AT LATONIA

Jockey Club Will Permit This System of Betting in Defiance of Commission.

6 Cincinnati, Oct. 15.—Bookmaking will be permitted, in defiance of the orders of the Kentucky racing commission at the fall meeting of the Latonia Jockey club, which commences Monday, Oct. 19, the directors of the jockey club so deciding at a meeting held here this afternoon.

It is expected that this action will bring on a clash with the state racing commission, which has repeatedly declared in favor of the Paris-Mutual system of betting, and only yesterday refused the application of the jockey club for permission to allow bookmaking at Latonia. If the matter is taken to the courts not only would the racing in Kentucky, but the future of the racing game in that state will be at stake. The racing commission is expected to apply for an injunction to restrain the Latonia directors from permitting bookmaking, and the Latonia officials will probably meet the attempt by fighting in the courts the stability and constitutionality of the law creating the racing commission.
